Dear Pastor Brooks,

I am a member of the Seventh-day Adventist Church and a resident in Luton, in the region of the South England Conference.

I respectfully ask you to represent my interest at the next Annual Council on October 6th-12th.

I am requesting that you do this by voting to make a motion to set aside the October 21 reaffirmation statement, the General Conference response to COVID 19.

I am making this request because the General Conference response to COVID 19 restricts my liberty of conscience. It is my right to live my life according to the dictates of my conscience and to make choices accordingly, and this should not be overruled by anyone including the church.

Yours sincerely,

(Your full name)
